

Safety Data Sheet (SDS)

Budd's Bliss: Original Weed Feed

Section 1: Identification

Product Name: Budd's Bliss: Original Weed Feed

Product Use: Fertilizer for container plants

Manufacturer:

Budd's Bliss

2028 Liners Rd, Church Creek, MD 21622

Email: info@buddsbliss.com

Website: www.buddsbliss.com

Emergency Phone Number: For medical emergencies, contact your local poison control center or seek immediate medical attention. In the U.S., call the Poison Control Hotline at 1-800-222-1222.

Section 2: Hazard(s) Identification

Classification: Non-hazardous (for handling purposes)

GHS Label Elements:

Signal Word: Warning

Hazard Statements:

- May cause respiratory irritation if inhaled.
- May cause mild eye irritation.

Precautionary Statements:

- Avoid inhalation of dust.
- Wash hands thoroughly after handling.
- Wear protective gloves and dust mask.
- Avoid contact with eyes, skin, and mucous membranes.

Section 3: Composition/Information on Ingredients

Ingredients:

- Worm Castings
- Bone Meal
- Kelp Meal
- Langbeinite
- Alfalfa Meal
- Dolomite Lime
- Molasses
- Mycorrhizal Fungi

Chemical Nature: Organic fertilizer blend

CAS Numbers: Not applicable (natural, unregulated materials)

Section 4: First-Aid Measures

Eye Contact: Rinse eyes with water for several minutes. If irritation persists, seek medical attention.

Skin Contact: Wash with soap and water. If irritation occurs, seek medical attention.

Inhalation: Move to fresh air. If symptoms persist, seek medical attention.

Ingestion: Do not induce vomiting. Rinse mouth with water and seek medical attention if symptoms develop.

Section 5: Fire-Fighting Measures

Suitable Extinguishing Media: Use water, foam, carbon dioxide (CO₂), or dry chemical to extinguish fires.

Unsuitable Extinguishing Media: None known.

Specific Hazards: None known; non-combustible.

Protective Equipment: Use self-contained breathing apparatus and full protective clothing.

Section 6: Accidental Release Measures

Personal Precautions: Avoid creating dust. Wear protective equipment (mask, gloves).

Environmental Precautions: Prevent runoff into water systems.

Methods for Clean-up: Sweep up and collect material for proper disposal. Avoid creating dust.

Section 7: Handling and Storage

Handling: Avoid inhaling dust. Wear protective gloves and a dust mask. Wash hands after use.

Storage: Store in a cool, dry place. Keep away from direct sunlight and moisture.

Incompatible Materials: None known.

Section 8: Exposure Controls/Personal Protection

Occupational Exposure Limits: No specific limits established. Avoid generating dust.

Personal Protection:

Eye Protection: Safety glasses if risk of dust exposure.

Skin Protection: Protective gloves recommended.

Respiratory Protection: Dust mask recommended when handling large quantities.

General Hygiene: Wash hands after handling and before eating, drinking, or smoking.

Section 9: Physical and Chemical Properties

Appearance: Brown powder/granules

Odor: Earthy

pH: Approximately neutral

Melting/Freezing Point: Not applicable

Boiling Point: Not applicable

Flash Point: Non-flammable

Solubility in Water: Slightly soluble (organic materials)

Vapor Pressure: Not applicable

Density: Varies with ingredient composition

Section 10: Stability and Reactivity

Reactivity: No dangerous reactions known.

Chemical Stability: Stable under recommended storage conditions.

Conditions to Avoid: Excess moisture and heat.

Incompatible Materials: None known.

Hazardous Decomposition Products: None known.

Section 11: Toxicological Information

Acute Toxicity: Not classified as acutely toxic.

Chronic Effects: None known with normal use.

Inhalation: Dust may cause respiratory irritation.

Skin Contact: May cause mild irritation with prolonged exposure.

Eye Contact: Dust may cause mild eye irritation.

Ingestion: Not intended for ingestion; minimal toxicity expected.

Section 12: Ecological Information

Ecotoxicity: Not classified as hazardous to the environment.

Persistence and Degradability: Biodegradable.

Bioaccumulative Potential: Not expected to bioaccumulate.

Mobility in Soil: Low mobility in soil; biodegradable components.

Section 13: Disposal Considerations

Disposal Methods: Dispose of product through composting or as permitted by local regulations. Avoid releasing into waterways.

Packaging Disposal: Recycle or dispose of packaging according to local regulations.

Section 14: Transport Information

DOT Classification: Not classified as hazardous for transport.

IATA/IMDG: Not regulated as a dangerous good.

Section 15: Regulatory Information

US Regulations:

All ingredients are exempt from TSCA Inventory requirements (natural materials).

This product contains no components subject to reporting under SARA Title III Section 313.

State Regulations:

This product is currently undergoing registration with the Maryland Department of Agriculture.

Section 16: Other Information

Preparation Date: October 2024

Version: 1.0
